05 cr 0043 RAW
Motion and Request for
Access to Law Library
and Proper Fees for
Appeal Process

Jimmy Chisum hereby moves the court for access to law library and facilities for exercising copying process documents and filings.

Muskogee County Jail does not provide copying so any documents have to be hand written multiple times in order to address courts and provide services.

Muskogee County Jail does not have carbon paper available for making copies as documents are hand written.

No access to forms for proper/prose filing for appeal, habeas Corpus, or motions is available.

Wherefore defendant moves the court to accommodate access to better facilities for legal process
